Manitowoc Harbor, WI - Manitowoc Harbor Confined Disposal Facility (Manitowoc Harbor CDF)

Project Description

- Navigation Project Served: Manitowoc Harbor, Wisconsin and Two Rivers Harbor, Wisconsin
- The facility is owned by the City of Manitowoc
- The facility is operated and maintained by the Chicago District, U.S. Army Corps of Engineers
- Manitowoc Harbor CDF is an in-lake facility attached to land in Manitowoc, WI. The CDF extends north from the north breakwater at Manitowoc Harbor and borders the Manitowoc small boat harbor on the west.
- The Manitowoc Harbor CDF has an area of 24 acres, has a total constructed capacity of 800,000 cubic yards, and receives about 25,000 - 40,000 cubic yards every two to three years. The CDF has an approximate remaining capacity of 60,000 cubic yards (or 5-10 years, as of July 2021).
- A draft Preliminary Assessment was complete in June 2021 and Planning work on a Dredged Material Management Plan (DMMP) is awaiting funding.
- Non-Federal interests may use this disposal facility if it is determined that the capacity to be used by the non-Federal interest will not reduce the availability of the disposal facility for Federal navigation project purposes, that the material is environmentally acceptable, and after payment of a tipping fee.

Project Authority

- The facility was constructed in 1975 under the authority of Section 123 of the River and Harbor Act of 1970, Public Law 91-611, as amended.

Beneficial Use Information

- Direct transportation access to the CDF is available via road and water in addition to possible transportation access by rail within one mile of the site.
- For more information about beneficial use opportunities, please contact the Corps of Engineers using the contact information at the bottom of this fact sheet.

Congressional Interest

- Representative Glenn Grothman R-WI-6
- Senator Ron Johnson R-WI
- Senator Tammy Baldwin D-WI
